“ *How we miss you so much mom... my life is so empty without your warmth. I saw your tears, no one will ever compare the bond we had, your words echoes in my soul. Hope U are watching over us, I'm trying to find the peace in all do or go, I close my eyes and still see your smile. U were strong, vigilant, and so much full of love. You will always be my first love and my last. Keep dancing with your angels - until we see each other again... ” - Your baby, Pablito*

“ *Robbie, Willie ,Robert, and Paul my condolences and prayers goes out to you all. Your mom was one of kind for sure...she was brave, strong, beautiful soul, kind hearted and fought very hard thru her sickness and always did it with a smile. Her love and great memories will live forever in your hearts and in those that knew her. I have to say one of the greatest memories I will always remember your mom was when her smile became a brighter smile when her circle became complete by reuniting with oldest son and her 3 sons became the four brothers and her circle became complete. A moment in time that I will remember for ever. You all together are a great story of love that need to continue as she would want it...continue to love each other, look for each other, and take care of each other. You all should feel Very proud of the man you have become because you had the best mom! Rest In Peace Provi you will never be forgotten. Peace and love to you all...God bless, love Marilyn.*
