“ I have no words!! found this through Google, I was trying to make an appointment with Raj. Rajeev was THE BEST LAWYER,, and an AMAZING human being. He helped me and my children so much, through his service, and went above and beyond- showing his genuine warmth kind approach, and "you just don't see that anymore". He was a turning point in my life, and I know in the life of many. I got to meet his world: his wife and his daughter, whenever he would share future projects, goals, he always talked about them! How he wanted to make sure to make everything beautiful for them, they were his inspiration for his collective vision of making the world a better place. Raj was an unique human, a guardian angel. I wish this wasn't true! I will forever remember his impeccable professionalism, ethics, and all of his advice that got me through my crisis. For his wife and daughter, I know there are no words of comfort, because in times like this "you just want that person here". Raj knew I practice fire meditation, I will light up a candle for him, and will light up another for his wife and daughter - until my forever time ends here. Raj thank you 🙏
