“ *Kim Hammond - co-worker posted a condolence I heard about Richard passing today at Bay Pines and I want his family to know that I always enjoyed talking to the "Bugman", years ago he had that rubber black rat on the front of his little four wheeler. Whenever I had bug problems at home, I'd put it in a jar and bring to my "Bugman", so he could tell me what it was. Prayers to his family and friends. Kim Hammond from Bay Pines*
