“ In 2016 I was in Venice, Fl with my cousin Ricky due to his mother's illness and passing. There was 8 years between us. I spent 2 weeks connecting with him. I'll treasure that time forever. My cousin was so soft spoken, compassionate and very loving. We ended up watching a presidential election and just sat and laughed about it. We talked about family and so much of our lives from years earlier. We talked about our children and how proud we were of the adults they had become. Ricky was in a peaceful place in his life. Rest In Peace dear cousin and take with you all of our families love. Love your cousin Linda.
