Tribute Wall

“ To the Family of Robert Bruneau,

I would like to express my condolences for your loss. My name is Karen (Baker) Pelletier and I am a 1980 graduate of St. Bernard's High School in Fitchburg, MA. I have been quite involved at the high school. I am a Founder of the Bernardian Foundation, which supports the school, I have also been heavily involved in the last several years in restoring the history of the school. We actually created a conference room, called the Bernardian Room, in which ALL the pictures of the 'All Bernardians' and valedictorians are featured among other historical displays. As one of the creators of the room, I researched and put together most of the displays. Robert, as I'm sure you know, was the very FIRST recipient of the All Bernardian award. This was always (and remains today .. some 71 years later) a coveted award. Robert's picture was the very first one I hung in the room and it always stayed with me. I am saddened at his loss, especially given that my husband and I have vacationed in Bonita Springs, FL for the past 5 years. I would have loved to meet him. I will upload some pictures of the room for you to see. If you would like any more info or pictures from Roberts High School years, please let me know.

I can be reached by email at Karen@pellfam.com.

May God Bless Robert, and the rest of his family.

Karen
