“ *What can I say except that I loved this man so much. He wanted the best for everyone he met and he loved my sister and our family like he had always been a part of it. I cry every time I think about him. He and Laura had a very special kind of love and enjoyed everything they did together. She introduced him to a whole new world of adventures. He loved every minute. I know he is now pain free and I'm sure running the show but I miss him dearly. RIP my sweet old man! Love Sue Pattillo*

“ *I have only had the honor to be in Bobby and Laura's lives for less than two years. I met him through my mama. Bobby and Laura looked after her and helped her like she was their mom. She was their neighbor and I never worried about her because I knew she was loved and taken care of. He helped her with yard work and took her to shop, Dr appointments and to go boating with him and Laura. They always included her. She loved those times spent with him. She passed away in April. I went down a few times to visit and I always felt love and welcomed in their home. That short year and a half knowing Bobby and Laura qualified them as family forever now. I am so heart broken for Laura and his loved ones, such a loss on Earth but I bet heaven is rejoicing. We will see him again. I am sure mom gave him a big welcome. I truly in my heart loved him for all the kindness and love. He chose to do what he did for my mom. He didn't have to. He was such a good man. I will miss him deeply.*

“ *Bobby, our lives only recently crossed for such a short time, but I hold only fond memories of you as a hardworking fun spirited man who was generous and friendly with all he encountered. My best memories are your playfulness and devoted love you held for your beautiful wife Laura. You will be greatly missed and I'm blessed to have called you my friend.*

Rest In Peace In GODs loving embrace.
