“ *Mary Jarvis - Friend posted a condolence Dear Debbie & family -  
Was saddend to hear of Bobby's untimely death. I can somewhat  
relate to your loss - as I also lost my son, Brian, in an untimely  
manner at 22 yrs. of age. Alto' it is easier said than done -  
remember - life has changed, not ended. And our faith tells us that  
we will see them again. Please know that you are in my thoughts &  
prayers. Take care-God Bless Love Mary*

“ *Kaye and JR and our Family's - Family Friend posted a condolence Debbie, Jessica, Stephen and family, My heart is so heavy with grief and sadness. I wish we could all wake up from this nightmare. I pray for all of you everyday! I pray that you find the strength that God provides for us in this time of unbelievable sorrow. We loved Bobby like our son and he was a brother in EVERY sense of the word to our children. All of your children were part of this family from the day we met. Bobby's sudden death is a true testament to the saying" live and love like there is no tomorrow". He is truly blessed to have you as a mom, Debbie. He loved you with every inch of his heart and soul and then some! I was in awe of his protective spirit with Danielle and Stephen. He was an amazing dad and we will not let Hanna and Ryland forget who he was. We are here for all of you. I ask God every night if Bobby is ok, his answer is "yes". He just needed him more than we did. Now, he is our angel and he will be there to guide us on our journey through this vessel called "life". We will hold on the memories, and wait our turn to see him one day. We love you.*
