“ Bob always had a smile on his face and a super positive attitude. It was a pleasure working with Bob while I was at Jacobs. My thoughts and prayers go out to the Leacock family.

*The service today was lovely.*

“ Bob and I worked together at Sverdrup/Jacobs for several years and came to be good friends. I always admired how he maintained his sense of humor even while dealing with sticky issues, and how he always resolved them successfully. I will always remember going with Bob to a public meeting for one of his projects in Pensacola. Bob repeatedly referred to Mobile, Alabama by pronouncing it like it was a "mobile" home. That and his accent let people know that he wasn't from around there!

*Bob was always willing to do anything for anyone at any time. The world has lost a true gentleman. I will miss him.*

“ I first knew Bob from Jacobs timeframe ... and later while at B&C in Maitland... We lost a few golf-balls together and often laughed at our adventurous journey on the course... One of the nicest guys that I knew - had an incredible positive outlook on things... loved to laugh... He was a blessing to me and I know to many others... He is missed deeply... Asking God's presence, providing much comfort and peace to his wife and children... a very present loss... a future hope in God's grace for the certain reunion in Christ. Kurt

“ My sincere condolences go out to the Leacock family on the passing of Bob. I first met Bob at my first engineering job in Cape Coral, FL in 1981 working for HNTB. Throughout the years I followed Bob around the engineering community when he would call to inquire if I was interested in his latest drafter/designer opportunity; those calls lead me to HNTB/Orlando, Brown & Caldwell and Sverdrup/Jacobs for the better part of 20 years. 2 years ago, Bob was there for me again, this time when Disney called as Bob was a mutual friend of the Disney interviewer, Gregg Harkness. Gregg immediately called Bob after my interview to inquire about my character and expertise. When I got home after the interview, I called Bob, he told me Gregg had already called him and that the job was mine. It's nice to find out you won the job from your trusted mentor.

*Smaller tidbits:*

*And there was the time when Bob and I were surveying in Hillsborough County and Bob was leading the way through the thicket with machete in hand. As Bob wielded the machete his forceful swing let go of the machete and I was narrowly missed by the flying machete as I stood behind him. I can still see the look on his face as the machete went between my arm and torso, a clean miss.*

*And lastly, the day Bob came over after work all excited and visibly shaken. A small tornado had just gone over his house in Cape Coral and Bob was a mess.*

*Rest In Peace Bob.*

“ To Bob's family and friends, wishes for peace of mind and strength of spirit. A privilege to know him and an honor to remember him. A moment of lightness makes me wonder, after looking in on his family, how he will decide between designing improvements or sitting in a game.
