Robert Allan Schwob-
Nov 26, 1943 - Aug 28, 2019

Robert Schwob lived life to the fullest in his 75 years. He was a loyal Son to his parents, the best friend to his Brother Dick, a loving Father to Kevin and his Daughter-in-Law Robyn and devoted Grandfather to his Grandson, Kenny.

Robert was blessed with many friends from his time in Chicago, New York, Milwaukee, Dallas and, especially in Orlando where he lived for the past 30 years. These friends brought him special joy and they will miss his many quick-witted comments and generous behavior. Of special importance to Robert were the staff and members of Heathrow Country Club, whom he loved dearly and who loved him back.

Robert went to Millikin University after serving 3 years in the US Marine Corps. While he started his business career with the 3M Corp, he quickly moved into his real passion, the Hospitality Industry. He worked in all aspects of the business, including Operations, Sales and Marketing. And, he took special pleasure in managing Resorts that were not living up to their full potential.

After retirement, he gave much back to his community by donating time and

money to local charitable organizations. He had a special love for Grace and Grits, where he frequently served dinners to the homeless. He was also very active with the St. Andrews Church, where he participated in a weekly Bible study with some of his closest friends.

Robert loved life and he helped everyone around him enjoy it too. He always had a smile on his face and a nice word for everyone with whom he met. While all will miss his smiling face, we are also thankful for the amount of time we had in his presence. He knew his friends and family made him a better person and he tried to help them be better too. Heaven just gained a special angel and we are all benefited from his friendship.

There will be a Celebration of Life for Robert at the Heathrow Country Club on Sunday, September 15 from 3:30-6PM. Suggested attire will be Country Club Casual.

“ Not sure how long I've known Schwob but has to be close to 18-20 years.. and he never changed from the tall starched well dressed deep voice sincere neat freak funny laugh sweet friend who would talk any time of day or night if you needed a friend. And for sure he was always my friend. Only man to fly from FL to Fort Worth to surprise me at work an say he came to celebrate my birthday. His friendship was very special. I'm sure he is the new voice in heaven now but he will forever be in my heart and my thoughts. Kevin- he loved you and your family so much — you are very lucky to have had Schwob as Dad.

“ I've only known Robert for a few months but in that short amount of time I came to really like him and appreciate the kind of person he was. He was easy to talk to and pleasant to be around. He was introduced to me by my best friend as a man that was a "great" Uber driver, but I soon found myself looking forward to having Robert pick me up whenever I needed him to do so. He was very punctual and took his role very seriously but I soon viewed him as more of a friend than a driver. I was able to share things with him that I was reluctant to share with others and I always appreciated the fact that he would come back with sound advice or recommendations and I didn't have to worry about him sharing that information with anybody. I was actually surprised at how quickly I warmed up to Robert, I don't recall forming that kind of relationship with very many people in my life.

I will miss Robert very much.

“ We are so very sorry to hear of Robert's passing. We became neighbors just a couple of months ago, Robert was so welcoming and friendly. He always struck up a conversation when we crossed paths. Robert's friends and family are in our thoughts. Our sincere condolences. Gus and Jennifer

“ *I have so many fond memories of Schwobie from when I worked for him at the Y and afterwards as we remained friends. He always said he hired people who were smarter than him cause they made him look better. We traveled together for work and used to play a game at Opryland where we would see who could find their way back to their room first in the sprawling hotel without asking for help! Oh and his many, many sayings which I won't post in totality but let's just say one involved a wort hog and one a hair net! My condolences to his family. He will always have a special place in my heart.*

“ *When I was younger and stupid, Robert covered my ass. That was generous of him. He didn't have to do that, but he did. That speaks volumes about the kind of person he was. I haven't thought about that incident for many years. But his passing reminded me that I was fortunate to make his acquaintance. I'm certain that he's having dinner with friends upstairs.*

“ I miss my Brother terribly, but am also thankful for the wonderful memories I have of our many years together. Ours was a fantastic relationship that I will always cherish and our bond remains strong, even after his passing. He was one of the most enjoyable people to be around and was always very friendly and outgoing to all he met. And, one of the things I most value about RAS was that he treated everyone with the same level of respect and kindness.

Of special importance to RAS was his relationship with his Son, Kevin. It was always a special treat to hear him talk about what was going on with Kevin, Robyn and their Son, Kenny. He was so proud of all they had accomplished and the strong Christian values they had.

He loved his business and, especially the talented, hard working and enjoyable people that he dealt with in that environment.

Additionally, he really found a home in Lake Mary and the Heathrow CC. I was so glad to be able to enjoy the memories of formal and informal events with the staff and members there. And, his time with the Bible Study friends and other events at the St Andrews Church were very important to him.

While I wish he was still here, I am so thankful for the fact that he was sick for a very short time and did not suffer at all. The Nursing staff at Advent was extraordinary and treated him with skill, compassion and love, which I will never forget.

He loved so many people in his life and he was blessed to have them love him back. He will be greatly missed but never forgotten...Heaven just got a little more exciting!
