“ Ron was a wonderful mate for my sister, his wife, Judy! I told him he was the best person that ever happened in her life. He disagreed and said she was the best that ever happened for him! They had such a special relationship. He loved his children and grandchildren so very much. Having him in your life and the memories you have must be absolutely wonderful. You had an impact on my daughters life even though the two of you never met! I will forever cherish your recognition of Becky and her awesome personality and wit. Please RIP, you have touched so many lives and I can't begin to tell you how special you were to us 🥹🥹🥹. You will be forever loved!

“ Hey Pop, My heart hurts so bad. I know by that smile on your face that you saw Gran. I know she had sweet tea, Diet DP and steak soup waiting for you. Maria and I keep sending you pictures of the girls. I hope you like them. I'm on so many antidepressants and anti anxiety medications that I can't believe how much I've been crying. But, I guess when you loose someone like you, your heart breaks so bad nothing can stop the pain. I find myself looking for you when I walk into the kitchen. I look for your text and Facebook posts. I told the funeral director that "Great Balls of Fire" has to be playing when you go into the incinerator, they said they would make sure of that. Mojo hasn't been eating like usual, but he's still eating. I will make sure he is taken care of. My God I miss you. I'll talk to you later.
Love, Shelly
