“ *She was the nicest person I have met in a long time. She helped me a lot and would never take anything for it - A great loving and unselfish person - She had the Northeast attitude (like I do) and was willing to help. I will miss her dearly for all help - Rest in Peace and you will be in our memories and prayers*

“ *RUBE.....and she would reply BRI.....oh it bugged her when I called her Rube and we would laugh every time after like she was my sister. We laughed the Monday prior. I was so saddened to hear the news of Ruby's passing. Sarah and Paul Michael you made her so proud, and those Grand kids always sharing pictures and stories. I will miss you Ruby.*

“ I've known Ruby for 15 years and everyday was a great day to work with her. She was the kindest soul and beautiful person I've met. Her sense of humor was infectious. Her accent hysterical. I always told her "Ruby I'm pretty sure there's an R in Carmen". She'd say "well again you're wrong". God I'm going to miss her so much. She loved her family so much and those grand babies where her special world. My deepest condolences to all her family and friends.

“ The world is now a bit sadder, quieter, and emptier without you, Auntie Ruby. Your arms were always open for a hug when we needed comfort or for a slap when we needed a wake up call. Our family is so grateful for all the love you've shown all of us - especially the love you showed to Nana. You will be so missed. We love you.

“ Ruby was my voice of reason. She had the most generous heart of anyone I know. Who am I going to call during my ride from home? Our last conversation was about the movie "Cinderella" of which we both love. She loved, lived, cared with her whole being. Rest in peace my friend and sister.

“ I want to send the most sincere condolences to Ruby’s family, loved ones, and her numerous friends. Ruby is a truly wonderful human being. She had the biggest heart; she loved her family more than anything; she was so proud of her family and grandchildren; she gave some of the best hugs, especially when you didn’t even know you needed one; made work fun even when it was stressful, somethings that involved smacking you with a plastic bat; she was always was able to bring about the lighter side to things and make everyone in her presence laugh; was never offended when you asked her to say car, coffee, or garage or even asked her to repeat herself because you just didn’t understand or wanted to hear the accent again; didn’t get mad when you overfilled your coffee and made a mess multiple times in a month, I think her and Tina thought it was funny; and she is someone that will be extremely missed and remembered in the highest regards. Ruby is one very loved, unique, caring and amazing individual. I am lucky to have been able to call her a friend for the past 13 years. May she love on through the memories of her friends and loved ones.

I'm so happy you knew Ruby. You described Ruby to a 'T'. She often talked about her co-workers and how you teased her. She loved you all.

“ While it has been several years since I last saw Ruby, I will always remember her generous heart and her infectious laugh. While working with her at Bowyer-Singleton, I complimented her rose quartz necklace...she immediately removed it and placed it around my neck saying “this fits you better than it does me”. It was such a sweet notion of kindness that I shall treasure it forever. Gone from our sight but never our hearts...you are loved. Deborah

Hi Deb! I wish I had stayed a bit longer to see you. I had arrived in Florida the week of Ruby's passing and was honored to have the opportunity to speak at the funeral. You and Ruby kept me hired when it was Bowyer-Singleton. (Natalie)

“ *I've known Ruby since the day she started working at Bowyer-Singleton - over 20 years ago. We became a work family and I think of her as a sister. I consider it a privilege to have known her. She was quick to laugh and made those around her smile. Such good memories of her baking (especially those chocolate chip cookies with the whole peanut butter cup sunk into the center), her Boston accent, her hiccups, and her humor. She will definitely be missed. Thoughts and prayers are with Tommy, Sarah, Paul Michael and the family. Laura*

“ Ruby is my husband's cousin. We had only met a few times when Chuck had to have emergency surgery. Ruby without really knowing me, went with me to the hospital at 5 AM and stayed with me until everything was good. While in the waiting room I was a wreck and probably not making sense, said why are all these people in this waiting room? Ruby looked at me and said Really Pat and we cracked up laughing. That memory will stay with me. She had a generous heart and will be missed by all. With Life circumstances and then Covid we didn't get to see each other that much. She will always be in our hearts. She was taken way to soon. RIP Ruby
