“ Rudy was someone who always made you laugh. He just wanted to love and be loved. He could entertain for hours and tell stories that would rival the best campfire lore. Whether you were blood related or not, you were family to him and he cared deeply. He will be dearly missed but not forgotten. He will stay forever in our hearts and we'll keep his spirit alive by reminiscing about the time we had with him.

“ My Dad was very young when he met my Mom and I...maybe 18 or 19. He took us in as if I was his from the beginning and never looked back. There is something to be said for that...in a world where many men refuse to take care of their own children. He would always make the effort to come to my baseball and football games. When I was about 8, he had a go-cart built for me. We would take it out to fields and I would ride it all around. Occasionally, I would get it stuck and start screaming...I thought a bear or some other wild animal was going to get me. I should have been scared of other things considering the field was off of All American....but my Dad would come running into the woods and save me. Many memories of him were of us all going out to Port Canaveral to camp and fish. We would stay up all night fishing and watching big tankers come in. There would always be other people there too...the more the merrier. I remember Grandpa coming a few times, his cousin Leonard, Scott and the whole Brady crew. Thinking back on all these memories and the effort required to make them happen helps me realize that he was a good man and a good father. He will be missed by all.

*I love you Dad,*

“ *Rudy was like my brother, he would always hug me and kiss me on my lips no matter where we where. He was always the life of the party on our many family camping and fishing trips. My kids called him uncle Rude Dog. His big heart was not strong enough for the love he held for everyone he touched. Rudy my brother you will always be in my heart. I will miss you so much. I love you my brother.*
