“ *Ruth lawyer was my grandmother and was one of the sweetest and kindest people I've come to know. I remember going to her house in Arizona with my parents and brothers and she would always do so much to make sure everyone felt comfortable.*

I remember her letting me and my brother set up a camping tent in the living room when we were kids for our entertainment. She was always kind and giving.

She will always live on in my own heart, but also through my own mother, because all of the beautiful qualities my grandmother possessed, were also given to my own mother and aunts. I will love you forever grandma and although I feel sad, I also feel grateful for you creating some of the kindest mothers and aunts i will ever know.

“ Mom was patient, loving and kind and when she hugged you it made you feel special and loved.

I will never forget when I was little and she let me help her make cookies and brownies for my brothers and sisters so they would have snacks when they got home from school. She was sweet like that.

Growing up my mom attended my many sporting events after a long day at work and never complained about it. She really didn't have much interest in sports, but was there to cheer me on nevertheless. She always wanted me to be happy and tried to make sure I had balance in my life.

Since moving to Florida, I have the opportunity to meet many people who knew her in younger years. She was beloved by many and I have heard wonderful stories about how my mom took many under her wing and nurtured and loved them. I appreciate all of you who took the time to come visit my parents in FL. It meant a lot to my parents.

“ I have so many beautiful memories of mom. Many of them involve me snuggling up to her in bed. She would read the children's bible with me, talk with me about anything I was worried about, and make me feel safe and loved. I remember sleeping in between both mom and dad when I was about 29 with a child of my own . Some kind of creature, I think a squirrel, ran across the roof in the bedroom I was staying in when I was visiting them in Pennsylvania. I jumped up, ran in my parent's room, and ended up being invited to sleep with them. I remember the warmth and sweetness of lying there between them.

I will also remember and be thankful to my mother for making all of our holidays so special. We colored eggs at Easter and had wonderful Easter egg hunts. On Christmas we woke up to what seemed like hundreds of presents under a beautiful Christmas tree. Our birthdays were also very special. We always had a homemade cake, ice cream, and played games like musical chairs. My mother made each day special and beautiful. She was a woman of amazing patience and love. We never doubted that we were loved and wanted. We will carry her in our hearts for ever.

One of her favorites,

Kimmie
