“ *Sally was a wonderful friend and Co-worker. We had the best times working at Stromberg, and then Siemens. Nobody worked harder. We worked together on the SMT line and shared many laughs. We went to the Dinner theater, plus enjoying visiting one another... Sally you will always be in my thoughts! What a great and loving friend ❤️ you were!*  
*Love you,*

“ *Sally was my stepmom. She came into my life when I was about 13 yo. She accepted me as her daughter and loved me. She was one of the kindest and sweetest women I have ever known. She never met a stranger, and she loved with her whole heart. She loved to give you huge hugs and tell you all the Time that she loved you. Sally has inspired me to be the step mom I am today. She will be deeply missed, but her laughter and love will live in my heart forever. Fly high sally, go find the most beautiful beach you can and rest your weary soul. I love you.*

“ *Sally was my older sister by one year but everyone thought we were twins. She was always a loving and caring person who by all accounts did not have an easy life, but that did not stop her from being a great sister, mother, grandmother, and great grandmother and friend to those she worked along side. She always looked for the good in people and make you feel welcome and appreciated. May she rest in peace.
