“ *Angela - Daughter posted a condolence Daddy, the days pass by and I it doesn't get any easier. I miss the way you brought life to everything and everyone! I'll never forget your famous wink you would give me and ' hey baby' after seeing me! I miss those things I'll never see again , hear again . Riding in the car with you while you blast meatloaf or 'Life's been good to me so far' and you just singing like a wild man! I miss you and Tina spoiling the kids like you did us growing up and I miss YOU being you! I miss being a kid and having you here to see everyday! I am thankful for a wonderful God that gave you time to ask for forgiveness for your crazy ways and Tina to be there to take care of you and time to say goodbye in this life! Have fun up there and I know we all have a crazy Angel that is watching over us! I'll think about you everyday, sometimes every hour! Please send me and your friends and family lots of signs to know you are still with us! We really need it! It's not easy loosing someone like you dad! You are the craziest guy I know and I say that in the best way! Love you and ride with God and his army! Thank you for everything!*
