“ *My condolences to the Laurentano Family. I was deeply saddened to hear of Sal's passing. I will always remember him at his brother's wedding on September 1, 1991. I was the Maid of Honor at this wedding and he was the Best Man. I enjoyed meeting so many people at Karen & Vinny's wedding. I'll miss his great sense of humor and laughter. May he rest in peace.*

“ Carol, Joanne, Christine, & family:

We are deeply sorry for your loss, and wish we could be there with you. Sal is an incredible person and a deeply committed family man. Over the years it was great to see the love and pride Sal had for his growing family . . . first Carol, then his beautiful daughters, and then his amazing grandchildren!

"Wishing you moments of peace and tender reflection . . .Where there is sadness, love plants a garden of memories . . ."

Sending our love and prayers,

Bob Melcher

“ Words cannot express how much I loved your Dad. He was and still is an AMAZING man! I have known him all my life and always thought of him as a second Dad:) I find comfort knowing that he is now in Peace, not suffering and is up in Heaven with my Grandpa. I found these pictures from our wedding. Your Dad loved that trip! Such fond memories
Love you,
Christina and John

“ Carol and family,

We are deeply saddened by the loss of this wonderful, loving, caring man. As your(adopted sister), friend I feel like I loss my brother also.

Sal was loved by everyone he met. There will never be another man, husband, father, grandfather, brother like Sal.

He will be sadly missed, we're going to hang onto the wonderful memories of him.

May god bless you and yours.

We love you so much.

*Love,
Laura and Manny Botelho
& family*

April
Arnold

I just loved working with Sal at St. Lucie. He was always smiling. Such an amazing beautiful spirit. I'm thankful we crossed paths. Rest in peace Sal.

“Wow what a guy Sal was, we worked with him on one of the biggest projects Florida power and light ever took on. He was our logistics engineer when space and organization was a must. We had over five thousand men on site and everything between companies had to be coordinated and have a place on site and containment. without his guidance, experience and knowledge we would of never been successful.

His beaming personality was infectious and just when all looked lost he would put his Sal spin on it and help find a solution.

He will be missed by his colleagues, friends and family but look out Heaven, he'll put the Sal spin on things up there.

Thank you so much for sharing this about him at work. He would tell us of work, but not the details. It is good to hear how that great engineering mind worked!
