“ I miss you immensely.. last year you stayed home so heartbroken and spent the entire evening with me ☐ Today I didn't even want to stay awake but go to sleep hoping you would appear in my dream but we haven't actually talked... you must be as shocked as we are at what suddenly happened and you are taken away from us in a split second.. whoever did this to you will pay dearly in god's books because they took an innocent soul away who had a whole great future lined out for him ☐☐ Life is not worth living without you and your dad ... you were my greatest comfort when I lived in your dad's memories and did everything to keep me occupied but now who will be taking care of me when I miss you... everyone is simply shattered like the biggest star from the skies fell down and brought darkness forever.. love you dearly and miss you dearly ☐☐ 🥰🌹🌹🙏🥹

“ Samir, we just talked.. I told you come here and stay with us. I know you are with your wonderful Dad, and my Son now.. and my heart aches. Heaven has a new angel and we are left with an emptiness nothing will ever fill.
Praying for your beautiful family. I know the pain they feel right now. I know your souls is finally resting and at peace.
Prayers and love to your family. I will always love you my third son..
