“*Star was in the youth group and a member of Jonesboro Baptist Church in Roseland, Va, which was the first church I became a pastor of in 1979. Star was a wonderful Christian with a big heart for other people. She was talented and very involved in the life and ministry of the church. She became one of my best friends. She was funny and loved to talk. She was a lot of fun to have in the youth group and a big help to me in my first church. She unselfishly took the many hours to list and put in order hundreds of references to sermon titles and scripture text that came from those sermons. It was such a big help to me in sermon preparation and I still have that three-ring binder to this day. Thank you Star. And thanks for being such a wonderful, helpful selfless friend to me and to many others along your journey. Star went on to marry and have a lovely family that she loved so much. Star I know that you are enjoying today all that you sang about and all that God promised you. I will never forget you Star.*
