“ *Paul Casey - UOS Business+Friend posted a condolence Shocked and saddened to hear of Steve's passing only yesterday. I was a Supplier's engineer to UOS on the Gayle Eustace refit which Steve managed in Veracruz, Aug 2008. We also, by chance, have a mutual colleague and friend, Tim A. I immediately clicked with Steve's work ethic, his dry sense of Mancunian humour, and his infectious "joie de vivre". My heartfelt sympathy to family, friends and colleagues.*

“ *Paul Russell - Employee posted a condolence Christine, and Family; My only joy in writing this is in thinking that Steve's blue eyes are smiling down at us and that he is at piece. He was a great man as you all know, I wish I could have known him as you, but to have been one of his employees was pleasure enough. Steve's energy and enthusiasm rallied everyone and added a levity to my tasks that will be truly missed. I'm smiling because in many of my late night calls I would hear Steve's sigh, and I would say I'm not in Crises but I have a problem..... He would say Bloody Good. He told me months later how he appreciated that.... He was always so help full, I will miss the rapport, and our shared sense of humor. Steady on Steve. God Bless you Christine and all of Steve's family. Paul Russell Chief on the OS Martinez*

“ Patrick Callahan - Workmate posted a condolence Working with Steve for less than 3 years was much too short. Even through the last months when he fought a much greater battle, he never lost his sense of humor. I will miss him as I would miss a brother. My heartfelt sympathy goes out to his family and friends who ache even more than I can imagine. What joy it will be when we see the fulfillment of Revelation 21:4..... "and death will be no more....."
