

Stephen Douglas Sieloff

December 22, 1956 - January 24, 2025

It is with heavy hearts that we announce Stephen “Steve” Douglas Sieloff, 68 of Lake Mary, Florida passed away peacefully on January 24, 2025, surrounded by his family. He was born on December 22, 1956, in Berwyn, Illinois.

Steve was preceded in death by his mother Ann Lamb and brother Brad Sieloff. He is survived by his father Clarence Sieloff, sister Deborah Sieloff, daughters Jamie (Sieloff) Matherne, Keri (Sieloff) Eaves, Stefanie (Sieloff) Lindsey, wife Ann (Harshany) Sieloff, and their children Alexandria, Thomas, Douglas, Amanda, and Angelina Sieloff, and countless nieces, nephews, grandchildren and a great grandchild.

Growing up, Steve was active in every sport. He never knew a stranger. Voted “Mr. Spirit” by his classmates, he was on the varsity football, basketball, and track & field teams of Lisle High School, where he graduated in 1975. He went on to graduate from Eastern Illinois University majoring in computer science.

He began his professional career as a programmer at Argonne National Laboratory and finished his 45-year career as Vice President of Product Development & Thought Leadership at Vérité Data. He truly had a passion for his work and took so much pride in what he did and the coworkers along his side.

Steve was dedicated to the love of his life Ann, whom he married on December 20th, 1991. They went on to have 5 children. He often spoke of his greatest life accomplishment being the fact that he was part of such a tight-knit, loving family. He was adamant about “family first” and was known for always having a few extras in tow for sporting events, birthday celebrations, holidays, family vacations, family pictures, or general family weekend gatherings.

His love for his family was evident by the fact that he never missed any birthdays, school/sports ceremonies, or special events despite flying to Los Angeles or Chicago from Monday to Friday every week for work. His children eagerly awaited his arrival home every week where he could be found with gifts from his trip and questions about how their week was at school.

When he wasn't refereeing/coaching his kid's youth soccer, basketball, or flag football games, he could surely be heard cheering them on from the sidelines, watching the Chicago Bears or Blackhawks, or listening to his favorite band, Boston. Following his children's sports' games, he could always be found giving out fist bumps and encouraging words to their teammates as they left the field/court. He thoroughly enjoyed attending various classic rock concerts and professional sporting games with his wife and children.

Steve was known for his infectious personality, and that deep, loud voice. Friends who knew him would describe him as a family-man, who was SO proud of his children and would frequently bragged about their various accomplishments, no matter how small. His children would often overhear him on work conference calls telling his many business partners about them and their recent successes.

Steve left this message for all:

“To my family, friends, co-workers and colleagues, I thank you all for your friendship and support over the years... I mean it when I say that each and every one of you has played a part in my successes and in the person I was... I thank each of you and I want you to know how much I cherished our time together, our collaborations and our friendships! Please surround Ann and the kids with the same support and love that you showed me... They are my legacy, and I will rest easier knowing that they are being taken care of! May God bless all of you as richly as he has blessed me throughout my life!

Love you guys, Dad/Pops/Steve/Pookie Bear”

“ I had the pleasure of working with Steve for a short few months when we both worked on an engagement with SAIC. There were some great conversations about work and a lot of other things and he always figured out a way to weave his family into all of these conversation - this was also during the period when he knew he was not going to be around for long and I learnt a lot from him about how to be content with life that you have lived. Those conversations and his life-lessons will stay with me forever. Go well my friend! - Vivek Patel

“ I worked with Steve at Weissman in St. Louis, MO. I really enjoyed working with Steve. We would have a lot of conversations about baseball. Of course I would talk about the St. Louis Cardinals. He was a great person so sad to hear of him passing.

I worked with Steve at Weissman between 3/2016 - 7/2018, and in the years following when he worked for Valid / Verite (our marketing database vendor). In those years, he made a profound impact, helping to build the infrastructure and thought leadership that fueled our growth and left a legacy we continue to benefit from today. Everyone on our team cared about Steve so much. He was more than a colleague— Steve was kind, intelligent, and hardworking, with a child-like exuberance for all things related to database marketing. His passion and dedication were unmatched, and his enthusiasm was contagious to those around him. . . . We have truly lost a friend and an important part of our Weissman family. All of us that knew Steve, loved him. We are thinking of his family during this difficult time. He was so proud of you all!

I also worked with both Steve & Ann at RR Donnelley & Sons and attended their wedding. Steve & I (and Jerry Horton) were part of a team dedicated to one of our larger accounts and he was a pleasure to work with and so intelligent and innovative in creating solutions to various issues. We worked some long hours, but Steve never showed it and made working with him fun. Sending my deepest condolences to Ann and all of the Sieloff kids, and may your many memories bring you comfort in the days to come. I'll miss Steve's annual rhyming Christmas letters...I always looked forward to reading them! Sending love...💔
