“ *Jackie Delzell - Friend posted a condolence I had no idea until a few days ago that Munchkin had passed. I am so sorry to hear this. I've known him since I was a little girl. He and Patty did my mom (January) and step dads tattoos. I even stopped in to visit him from time to time over the years. However I moved away 4 years ago. He was a good man and an awesome artist. RIP Munchkin, you will be greatly missed. Say hello to my mom for me.*

“ Jason "Redneck" Phillips - Nephew posted a condolence Thank you for being my Uncle. I remember many times when I would go to his house and all I wanted to do was sit on his bike. I remember when I was in school and all I wanted was for him to pick me up on his bike. Well, one day he did and I was the coolest kid for a day. I remember when he gave me my first tattoo, man he scared me so bad that I passed out in the chair. The best memory that I have and one that will never leave me is when I got the chance to ride beside him and Debbi coming back from Daytona. This was the one thing that I wanted to do. I still can see the smile on his face that day. Uncle Steve, it was an honor to ride with you one last time, and I know that you will ride beside me forever. You are the reason that I'm in a Motorcycle club now. You will be missed, but never forgotten. Rest in Peace my Uncle, my friend and my biker brother. VFFV, OFFO Jason "Redneck" US Military Vets M/C

“ *Craig Stawski - Father was a Friend posted a condolence To the Lyons family, & all of Munchkins friends....I remember the first time years ago when my Dad, Bruce "SKI" Stawski, used to bring me with him to hang with Steve, the stories they would tell. My deepest heartfelt condolences to all. Ride with the angels above, and say hey to My Pops for me....A few words for us to live with Leaving a dear one The family is not destroyed, but transformed. A part of it enters the invisible. ... We believe that dying leads to absence, when it really is a hidden presence. We believe that it creates infinite distance, when it does away with all distance it returns to the spirit what was for a time found in the flesh. Every time someone leaves home and passes away those left behind gain a link in heaven. Heaven is no longer home to angels, unknown saints and a mysterious God, but it becomes familiar. It is the family house, the house up above, so to speak. From up there to down here, memory, helping hands, calls carry on. F. Sertillanges Craig & Kelli Stawski God Bless*

“ Judy - Friend posted a condolence Munchkin, as I sit here sad about you leaving...I can also smile remembering the times spent with with you and your brothers. Your smile...I can see as if it was yesterday. As a biker, we are unique The open road is what we seek The camaraderie of our brothers, our friends Knowing they'll be there 'Til the very end But when we take that final ride There'll be another by our side And one thing I know, for a fact God will also have my back For it's in him now We place our trust For this road we travel Is a must So as we reach this road trips end Know in your heart Your bothers will meet again Someday soon the thunder will roll As we ride down those streets of gold With wind in our face, we're free at last The troubles here are now all past And with brothers there We'll meet again And ride for eternity Peace in the wind Soar with the Eagles!!

“ Jean - Baby Sis. posted a condolence Well where do I start. My life started with you in Feb.15,1953. You was We didn't always see eye on things, like who I dated and married. He did like the husband I'm married to now. He Loved all my children. All for different reasons. The way I LOVE HIM. He always talked about his Brothers. I have see a few and the ones I have meet have been GREAT TO ME AND MY Family. He is with so many that he is-with now that believed in him. He played many tricks on me growing up. Never know what he was going to do or say to anyone. If he liked you You would know it and if he didn't You would really know. I really Hate that it that he went first but I will see him soon. I know Mom & Pop is happy that he is with them. I have heard some brothers are having hard time you know whom you are. There was many he had a hard time with their passing. The call I know one day would come and I needed to be strong for Debbi. The last call I had that made me that upset was the call that my Son Brian was taking to the Gulf War when it first started. I called him and it was his words that helped me through the other 2 sons going over. He also said that the Service wasn't for all. Well I could go on for ever but I know all is wanting this to be over. When I come down with MS he ask me so many times what did I need. And if he couldn't help to go to a brother and gave me a few names. Thanks all for reading this I know him in a way NO knows. Like so many. Thanks Again and hope to see many in the next few days. Munchkin (STEVE) A message to you. Hey I know what you told me that when it's your time no matter what or where, time day or night. Rain or Shine that a person would go. When it's his turn to not be upset that he said he had a great life. That was when he found out he had a bad heart. We had a few GREAT talks in the last few years. So you know that I LOVE YOU with all my HEART. ALL of our Sons and Daughter Loved you so deep. As the way you LOVED Them and Debbi you have been GREAT. You Loved us and God Bless all. PLEASE RSVP . Love YOU AND ALL. LOVE ALL JEAN

I made it through and he said he knew I would be back and I asked how he knew that and he said because I enjoyed it way to much. 6 tats later I still enjoyed my first the best. Thank you for the experience Munchkin you will forever live in my memory!*
