“ I remember the first time I met Susan. She rode up on her three wheeler. She was 14, the cutest young girl! She was full of life. Having fun with friends. We have been friends since. She loved her family, she always had something good to say about them. We will miss her very much. She will always be the young girl riding that three wheeler to me. 💕

“ My heart is breaking I grew up knowing her thru my best friend her sister Laura we all played together on Charlotte Street. I got diagnosed with Cancer and in remission, but why lord couldn't you help her with her cancer. I know the pain you was in and I know the suffering has stopped. You was always and Angel and kind to everyone and helped people all the time. I'm truly going to miss you my friend , But as you fly to heaven so ready our beloved Angel spread your wings over everyone you touched. I love you and going to miss you. Goodbye my friend, but never will be forgotten.

“ I met Susan. Laura and Johnny when we were all pre teens. My Mom had just married Dave. And Grandma would call Joyce that summer and see what she was doing with the kids that week and ask if my brother Micky (Mike) and I could tag along. We spent time together going skating, to the pool and bowling or just hanging out. Eventually when I was 19 I moved in with their family while I saved money working at Disney to get my own apartment. Susan and I were often ships passing in the night. She always worked during the day at Disney. I worked 3 to 11 shifts at The Grand Floridian. On occasion we would go to The Magic Kingdom together. And since she knew everybody who ran the rides she would "back door" us to all of the rides. That was fun stuff! We had a great time.

I came back to town in my mid 20s. Susan was a new Mama and as busy as ever. She was babysitting kids in her home. The kids she watched, LOVED her. She was always as busy as her Mama always was!

I will never forget Susan's kind, loving heart . I will always appreciate the love she and Johnny and Laura shared with eachother. I will always love her. My heart is broken for their family. I will always keep your families close to my heart and I hope next time we are down that way we can all get together.

My husband and I are making a donation in Susan's name to the Barbara Davis Foundation for Type 1 Diabetes Research and Education. If ANYTHING good can come from Susan's life we pray this will help others.
