“ Suzy came into my life at a open house my husband and I stopped to look at. We both fell in love with her at that moment. Never I have a met a more remarkable lady in my life. We had many dinners with her and Tony. We moved away from the area but every time we were able to catch up with her it was just like the first time we met her . She loved her job in realty and was the best I have seen to date she was on top of her game. I have never had another agent to match her. I will miss her greatly and my prayers are with her family and friends I know how much she will be missed. She talked so fondly of her family and her great love for them. She loved going to the beach to visit with her sister and when the grandchildren came along she lovely spoke of their many accomplishes. I am sorry this is late coming but just saw this this morning with a heavy heart I send my condolences .

“ Suzy came into my life at one of our Orlando Pulmonary Hypertension Support Group. She came in dancing and so full of life she lit up the room. It was always fun when she could attend our meetings. I became very close to Suzy very near the end of her life and she was such an inspiration to me. She was always happy and so full of life, it's hard to believe that she is dancing now with the angels in heaven and is probably the brightest star! Miss her and love her. Jackie Woosley
