“ There are no words to describe the loss we all feel. Teddi was a wonderful aunt. We all have so many wonderful memories with her and because of her. Her desire to make everyday special is a gift she had. She was always there, always helping, always giving of her heart, time, and herself. I looked up to her so much more than she knew. She left a lasting impression on my life and so many others. I will cherish all the memories I have of you aunt Teddi. I will remember our last conversations we had together of the loss of Lendi and mom. She reminded me that God has his plans for all of us and we should live our lives until God calls us home. I know with all my heart that is what she would tell us now too. We know your having an amazing time in Heaven and we will see you again. Until then I will miss you forever.

“ Teddi,  
I hope you know how much you're loved and how much you'll be missed by so many. I've never known a more giving person of their self, than you. I think back to when all of us kids were young, our childhood was full of so many memories that you, David and Pam made possible. Through the years as we've grown up and had kids and families ourselves, you were still the one that kept our family together, the Holiday Traditions, the scavenger hunts, etc. I'm still trying to wrap my head around the fact you're no longer here with us, but looking forward to the day I see you again ❤️

“ *Teddi, I don't understand how someone that was so special, could be taken away from us like that, you were what kept our families together. You have touched so many hearts in such a little time that you were here on earth. You were always there to lend a helping hand to anyone, never turning anyone away, and if it wasn't for you and David, our children wouldn't have been able to do any of the things they did growing up. We will never forget the crazy game you had us all playing, called the treasure hunt, we had alot of fun running around and a whole lot of laughing, it was crazy but fun. You will never be forgotten and will always be in our hearts, so until the day we meet again, We will always love you*

“ *Aunt Teddi, you've always been a light in the lives you touched. I'll never forget the memories of going to the mall as kids and then staying the night, watching movies and playing games. You gave me the nickname "bacon" after I ate tons for breakfast one morning. As you moved onto the next life, I still question why. I know I'll never know the answer, but I have faith that the man upstairs does. We love you and will miss you dearly, until we meet again!*

“ *Teddi was a very caring person who will go out of her way to help anybody. I remember when my car was down and I had to work or else I don't get paid so she let me borrow her car for as long as I needed. Plus I will never forget how her and David came by every Sunday rain or shine to pick my mother Ms.Betty up for church. She has left her mark in my life and I will truly miss her.*

“ *To our dear, Teddi. Words can't begin to say how much you'll be missed. Teddi, you will be missed for your fun spirit, your kind heart and sweet spaghetti (that I grew to love) ❤️ You may not be here on earth, but your love and legacy will live on. Thank you for always making me feel important and loved. I will forever remember you and will always carry you in my heart!*
