“ I can remember the first time I met Teri. One of my mom's good friends at bridge club mentioned what a wonderful hair dresser she was going to - someone that really knew how to cut naturally curly hair and her name was Teri. With that recommendation, I made an appointment at Hair Benders and was so glad I did. That was in 1973 and I have been a client, friend, and fan of hers ever since.

After approximately 400 haircuts and relaxing conversations over some forty years, it's no wonder I learned a lot about Teri. Years ago Teri's daughter, Monica, would sometimes be at the salon after school playing while her mom cut my hair. Now she's a mom with children of her own - and Teri was so proud of them and loved them so. I remember the twinkle in her eyes when she'd talk about all of her family - looking forward to their next visits, how her mom was doing, what her grandkids were interested in, etc. We would swap family stories and updates regularly, some happy, some funny, some sad.

What I learned over these last forty years about Teri was that she was a great gal, professional in every way, dependable, kind, hardworking, funny, devoted to her family & friends, optimistic, and loving. She grew to be a great friend of mine and I will really miss her. My family sends our love and prayers to her family. Love, Sally and Family

“ Teri was a special friend and she shared in many of our family celebrations and used her talents to help us look our best. We always talked about our families and she was very proud of her daughter and son- in- law , her grandchildren, and her mom, sister and all the family. A true friend, we will miss her so much! *It was a party when Teri was in the room. I was so blessed to have had her in my life and I think of her every day and miss her terribly. I agree with Mama Dell that Teri was one of the most creative, artistic gals we have ever known. No troubles now my love. Miss you always, Maggie*
