“ Today I emailed Terry to see about a transfer in September. - 3 weeks from today. When the message came back I started digging, and I was heartbroken to see that we have lost him. We first met in 2009 when I needed some special care for my family while traveling. Several times he drove us around Orlando after that first trip. He truly was one of the nicest people we ever met. I know all of your lives are emptier without him. I am thankful that we WILL see him again. He had the greatest laugh - I look forward to hearing it in heaven. He was so proud of his family - always spoke of you all and how much he loved being a husband, dad and granddad. I will never be able to drive over the bridge to Port Canaveral without hearing him in my head point out dolphins. You have my deepest sympathies in losing such a great man.

“ I am so sorry for your loss and and in shock to get this news. As a customer of Terry's for the last 20 years, Terry was always a smiling face, a happy warrior at 4:30am or midnight. Always there, always helpful, always looking out for others.

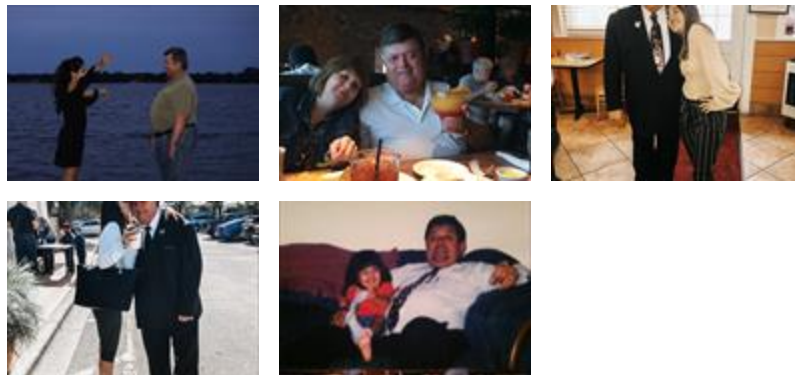

I know these words don't replace your loss, but I do know he loved his family very much. May the comfort of God help you through this difficult time.

“ You were and have always been my pride and joy, my right hand, my go-to. I can't even put into words how much I miss you. I still feel like every day, I am waiting for your call or wanting to drive over to the house to see you and just talk to you about anything and everything like we used to. You were and will always be my world and my everything. I love you dad. - MyMy
