“ I can't believe it has been over a month already. It still feels as if I had lost you few hours ago :(Remember that time when you were admitted in the hospital and you kept telling me that I was crying and I kept denying? Well I will admit now, I was crying and also I cried that day at the courthouse.

“ I still can't believe you are no longer here with me. My days and nights are lonely, sad, boring and miserable. Since you're gone I can see a change in myself and knowing that the person who loves me more than anything is no longer here. No one to call me and cuss me out for no reason, to check up on me every 5 mins, to make me laugh by saying and doing dumb things, play with me, long walks with me, shopping with me etc. I love and miss you so much
