“ Just found out this morning, still in shock, very sad and sick! Since the day I met you when we were 14 all you ever did was make me laugh and made life fun. I haven't seen you in 2-3 years but every time we talked or saw each other, it never felt like there was any time in between seeing each other. All of our insane teenager stories keep flashing through my head. All of us in CT already missed you but now is at a much more, saddened level. Anyone you ever met will never forget you, even if it was for 5 minutes! I really hope that all the angels in heaven have a sense of humor but if not, we all know they will shortly after meeting you! My thoughts and prayers go out to your family.

“ Tommy you're the most amazing man that I ever met I don't think there's one single person that didn't love you when the met you . Your shenanigans were outrageous and they made everyone laugh and those that didn't laugh just didn't have a sense of humor. Our entire family will miss you greatly. You were taken from us way too soon. You will always be remembered.
