“ *HM1(SS) Thomas "Doc" Germann, USN (Ret.). Doc... my old friend. I'm heartbroken that you've gone. The time we spent on the USS BATFISH was magical... and all due to you, and the friendship we cultivated. Best of friends doesn't even scratch the surface. So many memories with you. Drilling and spilling. The XO yelling at us for goofing off, and playing practical jokes on each other - during "serious" times. Helping out on your Emergency Medical Assistance Team, even though I can't stand the sight of blood. You taught me a lot about medicine, friendship, family and life. And for that, I can't thank you enough. Your laugh was infectious, and man did we piss off the COB. And yes... we would grin at each other, 'cuz is was on-purpose. As you move on to a better place, I hope you realize the legacy you have left behind in your family, partners, and friends. You were a damn fine man, a superb Corpsman, and an even better friend. Rest your oars, sailor. We have the watch.*

“ My dear nieces and nephews,  
I have so many memories of Tommy, after all I your mother was in my house when she went into labor for him. One time I was baby sitting for your mom and dad, I heard Tommy crying from his bedroom. I asked him why he was crying. He said Charlotte died. I asked him who Charlotte was. He said you know the one in the book Charlotte's Web. Then he was about 3-4 years old. Your mother told him to clean the turtle bowl. Your mom found it bowling on the stove. She nursed it for days but it passed away. He also burried his plastic dinosours alone side the house. He said he wanted to be an arceologist then he could dig them up later.
