“ Todd was my best friend, over the years we drifted apart but I really missed him and would think of Todd all the time. He loved the water, we used to get a 6 pack and some Swisher Sweets and hop in his Jeep truck and go down by the lake and listen to Bob Seger. Even though we have not been in contact for years Todd touched my heart and I feel like I have lost the only true friend I have ever known. The song Cool Change has and always will remind me of Todd, Love you friend I will miss you deeply. My prayers go out to his family for the loss of a special person, Bless you.

“ Todd was the love of my life. He was the wind beneath my wings and gave me courage and strength to grow into the woman I am now. He always gave fully of himself to his family and made us feel we were the most important people in the world to him. Most of us need a manual when we have children. Todd was a natural. He made parenting look easy and I am blessed that he is the father of our two sons. Although I feel as though half of me is gone, I know I must continue on and be strong, living my life to the best of my ability and sharing the love and caring he so selflessly gave me to for the past 30 years.

Honey you are and always will be my angel, hero, best friend, and most of all love of my life and I will continue to cherish you and memories of you for the rest of my days. You are my one and only love sweet man. I will see you again in Paradise, save me a seat! Love always and forever, Your most loving wife, Tricia
