“ *Why does Tyron Love Motorcycles?*

Autie Brina brought Tyron & Marquise to Cleveland Ohio when they were little children for the summer to visit there grand-mother (Ganny). Well hanging with Auntie Brina, we have to have some fun. We took a 45min drive to Ashtabula Ohio to visit our Shaw family. Our cousin David Shaw is also where all of the fun happens. The Shaw Family Love motorcycles including myself because of my dad Joe Shaw which is Tyron's Grandpa. To make the long story short. On our ride back to Cleveland, that David Shaw appeared before our eyes on the highway out of no where flying pass us on the highway high speed. The looks on Tyron and Marquises face, they were screaming, there he go, there he go cousin Dave, cousin Dave. Cousin Dave disappeared off on a exit for about 5 to 10 minutes waiting for us to drive by so he can show up again. He appears again. This time he was behind the car and saw there little heads in the back window. They had no idea he was in the back of us. Cousin Dave then drives on the side of the vehicle so that Tyron and Marquise can see him again they were very, very excited to see him show up again to entertain them.

Tyron's dad asked him why do you like motorcycles so much? Tyron said to his father, because of Cousin David Shaw. Auntie Brina and Cousin Dave never new why until he lost his life, and his dad shared the story with us.

I wished my nephew had his gear on like cousin Dave did.

Love Truly and sadly missed! From Auntie Brina!
