“ Valerie you will be missed. I will always remember our time together in ORT and our trip to Israel. It was the first time for each of us. I still have the orange and blue poodle skirt with the Gator on it. It was your Mom's but you said you would never wear it as it was a Gator and not a Nole! I will think of you whenever I wear it.

“ Valerie - you will be missed. I will always remember our time in ORT together and our trip to Israel. I still have the poodle skirt you gave me with the Gator on it. It was your Mom's but because it was Gators and not Noles you would not ever wear it.
