

Victoria R Nicholas

July 6, 2017

Victoria Pennoyer Nicholas (Vicki) age 70, passed away on July 6,2017 in Pinellas Park FL.

Following Victoria's wishes their will be a Celebration of Life gathering at the Dolphin Beach Resort in St. Pete, FL. It will take place at the pool bar from the hours of 5:30-8:30pm on July 21,2017.

Vicki was born in Providence, RI to James E. Pennoyer and Anna Pennoyer. She had two sisters Cathy Siravo, and Dorthy Pennoyer. Although her sisters have passed. She leaves behind Dot's daughter Lynn and Kathy's son Larry. James E. Pennoyer is her only living sibling. He has three children James, Michael, and Robin.

Vicki has left behind her three children Jimmy, Christine, Rudy. Jimmy has a son little Jimmy, Rudy has a son named tre, and Christine has three children Brittney, Natasha, and Matthew, She also leaves Christine's five grandchildren and one on the way.

Vicki also leaves behind five children from her husband Nick. Kevin, Wayne, Darrall, David, and Marleen. All together they have twelve grandchildren and four great grandchildren.

Vicki worked at the Dolphin Beach Resort as the front office manager for over to decades. She will be remembered for her kindness and compassion for others. Vicki was able to connect with so many repeat guests. When the news of her passing was shared many messages of sympathy have been shared. Her work environment was where she spent most of her days so the people she worked with became apart of her life like family, such as Marie and Bessy. Of coarse we do know her whole workplace was cherished like family. and hey made her workday and even better place.

One memorable thing about Vicki is she loved to open her home to visiting family and friends. She enjoyed her yearly visits with her niece Lynn Iacobbo, her husband Keith Traynor and their kids Krystal, Lanier, Shane and Jesse. Also Jesse's daughter Autumn Traynor. Anytime they would visit they would love to try new restaurants with her. Her favorite place was Mazzarros. She would also receive visits from her granddaughter Natasha and her three children Noah, Chasity, and Colin. They enjoyed the many places they go to visit with grandma V. (vicki)

Family meant everything to Vicki. On one of her trips to Rhode Island she made a special visit to her step daughter Marleen and her husband Wayne and their two children Wayne and Felicia. They found a special day to take her husband Nick's ashes to Battleship Cove in Fallriver Mass. It was a very memorable day for her. Another memory she treasured was being back home in Florida, when her step grandchildren and their kids came to visit. They went to Orlando FL. and her step grandson Ricky convinced her to go to Universal and go on the Hulk ride. Although she did not much care for rides, she felt safe with Ricky and trusted to go. At first she was petrified but by the end she came around and enjoyed herself.

To know Vicki is to know her love of travel, even with her being ill it never

stopped her from traveling. Her favorite place to travel to was to Memphis, TN. to visit Graceland. To celebrate the anniversary of Elvis's death. She would always make a special trip to Beale Street in Memphis to see Joe and have a peanut butter and banana sandwich Elvis's favorite! Once she visited Graceland she would extend her trip and travel to other places. Crossing more things of her bucket list. She went to Nashville to see the Grand Ole Opry the original Ryman Auditorium. Then the next year she went to Louisiana for mardi gras where she made to bourbon street. She also went white water rafting in Georgia with her Daughter Christine and her son-in-law Richard.

Another trip she drove with her daughter Christine and her granddaughter Natasha from Pinellas Park FL. to Las Vegas NV. and back to Florida. They took the trip in thirteen days and stopped in every state along the way to buy and collect keychains for remembrance. They also took lots of photographs along the way. Two months after the trip to Vegas Vicki and her daughter Christine also took another trip only this time they went a bit further. Spending four days in London where they visited a good friend of hers Jenny. They were very grateful for Jenny who took her own time to show them around London. She was their own personal tour guide. Two days in Paris she made sure to visit the Eiffel Tower. Then four days in Ireland, this was her most accomplished memory where she climbed up the Blarney Castle to kiss the famous Blarney stone.

She had taken the time to travel to some places she always dreamed of going. It was a blessing she was able to cross so many wonderful things off her bucket list. She was very grateful for the many of places she traveled to. For all the family members and friends who stood beside her during her life, and for all the beautiful memories she takes with her to heaven. She will be greatly missed and fondly remembered.

“ *Kathy&Dave - Friend posted a condolence We will miss Vicky very much. We stayed many times at the Dolphin Resort and I am going to cry every time I go there now. I was introduced to Vicky through my husband who met her at the Legion right down the street. She was always so sweet. We loved her dearly. RIP*

Kathy&Dave - Friend - July 26, 2017 at 12:00 AM

“ *Malinda Rivers - Friend/ex-coworker posted a condolence I met Vicky when I was 18. She was my first supervisor at the Front Desk at the Dolphin Beach Resort. As a young high school graduate and entering adulthood and the challenges of the workforce, I could not have asked for not only a better work place but a superior supervisor. I was not a morning person but her laugh was infectious and she would peek around the corner and ask me if I have had my second cup of coffee. If I said no she would give me a moment and come back. :) I kept in close contact with my Dolphin family even after all these years (I am now 40). It broke my heart to hear of Vicky's illness and passing. I was there when her beloved Nick passed and I remember sitting in her living room talking about the memories and knowing she can now rest at peace and see him again brings me comfort. To her family I know you will miss her but her love for life and reading all that you were able to enjoy with her prior to her passing will hopefully embrace you during this difficult time. With so many loving memories and prayers, Malinda*

“ Laurie Lakhani - Friend posted a condolence Vicky will be missed dearly. Having her as our Front Office Manager for over 2 decades will leave a hole in our hearts at the Dolphin Beach Resort. We will remember her kindness and compassion for others. Vicky was able to connect with so many repeat guests and when the news of her passing was shared, many messages of sympathy have been shared with us. Vicky was brave, tough and stubborn when it came to fighting cancer. She insisted on working even when we knew she was in pain. When she passed on July 6th, 2017, I know she was at peace. She was ready to see her beloved husband, Nick, and see Elvis performing at the Pearly Gates. Did I mention Vicky loved Elvis? She visited Graceland often and I have a feeling some of her ashes will be landing there! Vicky had the best laugh. You knew she was in the building by hearing that laugh echo through the lobby. We will always hold this beautiful human being in our hearts. Vicky was able to take a dream vacation to London and Paris. She and Christine enjoyed every second of the trip and even met up with Andrew and Jenny Piccard in London. The Piccard's are return guests that we consider family. Vicky also shared her cancer battle with another long term guest, that is also considered family. Paul White was stricken with cancer around the same time as Vicky. Paul and Vicky shared stories and supported each other. He passed in April and Vicky cried, as we all did. I'm sure they are comparing notes in heaven. The Dolphin is going to host a memorial service in the near future. That information will be posted here. Vicky didn't want a service, but we feel she would have enjoyed her friends, family, and coworkers, getting together for a little Elvis and maybe even some line dancing! Rest in Peace dear Victoria. You are missed. Love, Laurie and Nizar Lakhani Dolphin Beach Resort
