“ *roberta adams - co-worker posted a condolence when i think of viola i always have to smile. she and i had a running insult challenge going and she always seemed to be able to beat me. always in a good mood, putting the young girls to shame with her strong work ethic. on days you could tell she wasn't quite up to snuff she never slowed down. she was an absolutely wonderful person to work with and i count her as a good friend. she was after me to stop smoking , but in a kind way. not the nagging way some people could be. she always said she didn't want me to end up like her, so short of breath. she was and is an inspiration to me because of her wonderful outlook on life and her unfailing way of making me laugh. anyone who knew her is better for it. i know i am. all my love to viola and the wonderful family she has. she was and is a large part of the bealls family. heartfelt sadness is felt by anyone that knew her.i know she'll always be in my thoughts and prayers. love to the family. roberta adams*
