“ I was Ms. Virginia's hairdresser at Westminster for a little over a year. I looked forward to every Wednesday at 1:00 pm. I loved going to get her & we laughed so much when we were together. I truly loved her. We hugged every Wednesday when I finished her hair. I dreamed about her last night. I'm so glad she come to visit me in my dreams. God bless the family & her friends. I will always hold her special in my heat. Beverly Cline

“ *I am glad you did not have to suffer and be confused any more. I know now the last time we spoke, we were saying goodbye but we did not know it then. You really liked the pictures and I was glad got to see them. We will see you in a little while.*
