“Granny was one of the biggest supporters in my life, I remember she would always tell me how proud she was for holding myself together for working 2 jobs. She would also say how proud she was for all academic achievements and what my goals are. Granny loved going out to eat for fried fish or dumplings. But what she loved more was butter pecan custards or strawberry milkshakes! She loved ALL her family and talked so highly about everyone to everyone. She loved having everyone get together for Christmas to have all her family together. I will miss going to church, shopping, out to eat, and chilling at her house for hours. I know I'll never be able to do that again but I am extremely thankful for all the memories that I do have with her. She was so positively spoken and knew she was loved so deeply. I always tried to bring her food or take her out to eat so she wouldn't be alone. I am so thankful that God allowed me for 17 years of my life to grow up with such a strong woman. I know Granny is watching over everyone and is wishing the best upon all of us, family and friends. All my goals I have told you about I promise I'll get there granny. You'll NEVER be forgotten about, you have been the glue to the entire family. I wish things wouldn't have happened the way they did but God called upon another beautiful angel. I know you aren't in pain anymore and one day I will accept what has happened but for right now all I can do is come to peace. You are an incredibly amazing women who had lived an adventurous life. You have so many grandkids and great grandchildren who love you deeply. Mikah misses you a lot... I can see it everyday in his face. He no longer has his grandma who would think he's the sweetest boy even when he's in trouble. I wish I can just hug you again and hear you say "I love you sweetheart" one more time... I miss you so much granny and I love you more than words can describe... <3

“ Oh how my sister Tracy loved her mother-in-law! Wilma has always been kind and caring for everyone she was around. She took my nieces under her wing and guided them through so many things in life to create the beautiful girls they both are today. Her words of encouragement and knowledge will live through Brandy and Angela forever. That is a priceless gift from a Granny. Prayers to the family and stay strong through this tough time.
Lots of love coming your way.
