“ *The family had a small memorial celebrating Wilson's life on Wednesday November 18th. It was a beautiful day and setting and I know he was looking down on us and smiling. We are all so blessed to have been a part of his life on earth and will all be together in heaven someday. R.I.P. I love you my baby brother, Mimi*

I just found out that Wilson had passed away. My deepest sympathy to his family. I have known Wilson for over 20 years. He was my "tree guy" and he became a good friend. Always so pleasant and a hard worker. Our neighborhood (Waterford Lakes) misses him too.

“ To the Knott family and Sandy, I was so saddened to hear of Wilsons death. We were friends for many years and shared many adventures. Canoeing on any river or stream he could discover, boating and fishing on the Harris chain of lakes and so many more. One winter we went to Jupiter and it was freezing, Will decided to dive into the Jupiter inlet, huge rocks, swift current...only Wilson...No Fear!!! He was the consummate outdoorsman and loved every aspect of nature. This unique, Fun and great guy will be missed by all of us who really knew him, no matter how long ago. Sandy, the last time I talked to Will he told me how important you were in his life and how much he loved you. Safe journey my friend Will, on your last adventure. Mike Chase

“ *The last time I saw Wilson was on Sandy's last day at the company that we both worked for. I walked her out where Wilson was waiting for her, but in the meantime, he decided to pull a few weeds. Though this is a profoundly sad time, that will always be in my memory. My condolences to Sandy and the family. You will always have those memories that will forever be in your heart. May he RIP.*

We were shocked to hear that Wilson had passed. We met 25 years ago and he became one of our extended family. Always popping in when you least expect it with gifts of shrimp, chickens and what have you. We were blessed with his presence at our Thanksgiving dinner last year. Oh what fun that was. He built me a handsome chicken house during the summer. No chicken shack mind you, but a mansion for my chickens. We share your sadness.

Vivian, that was just how Wilson was. He gave 100 percent to everything he did. I wished you could have seen our chicken mansion! He was unable to make it up here for Thanksgiving last year but he told me about spending the day with you and your family. He thoroughly enjoyed himself that day. He ALWAYS thought so much of you all and considered y'all as family! I came along with Wilson a couple times and I fell in love with you and your family as well.

Wisou was definitely one of a kind. I will always remember his love of fishing, animals, plants, and doing for others. He really loved a lot of people that have posted memories here, He built a beautiful flower bed for me. I think about, laugh, and remember him every time I look at it. Thank you for that, your friendship, our conversations (Go Trump!), and so much more. Rest in Peace, and know you will be remembered by many who loved you :o)
