“ *Skip Hawkins - Former Employee posted a condolence I'm sorry I missed the funeral but I was unable to make it. Chief Greenway was chief when I went on the Fire Dept. and promoted me to Lt. Before he retired. He was a fine man and a real gentleman. He will be missed and you have our condolences. Skip & Judy Hawkins*

“ *Hiram Hanson - Nephew of Dolores Greenway posted a condolence I have heard nothing but good things about the "Chief". I was once a volunteer fireman and realize He must have had many rewarding experiences during His long career. Now He can receive His due reward. God Bless and comfort you all! Hiram*

Hiram Hanson - Nephew of Dolores Greenway - January 21, 2009 at 12:00 AM

“ *Mike Burton - Colleague posted a condolence My sympathies go to the the extended Greenway family. I first met Chief Greenway in 1974 as an 18 year old firefighter recruit. He had enough confidence to give this 18 year old a chance at a highly sought after job. I have been at it for 34 years and still love the fire service. Being a career fire chief now, I have a better appreciation for the difficult decisions that he made along the way. Godspeed. Mike Burton Greenville Fire Rescue Greenville, NC*
